## **Addressing Resignation and a Conference Switch - Official Statement**

June 13, 2024

Dear Leagueopoly Players and viewers alike,

We, the Commissioner and the Director of Operations of Leagueopoly, jointly write this letter to address the resignation of cstro, the appointment of Josephine to replace him, and a conference switch for Rose.

### **Resignation of cstro**

Tonight, we received the unfortunate news that cstro had to suddenly resign from the Leagueopoly Season 3 Players' Commission. While we are sad to see him go, we wish him well in any and all future endeavors.

cstro was the winner of Season 2 last season, and has had respectable performances in all 2 full seasons that he played in.

### **Appointment of Josephine**

To replace the resigned player so that we can continue to have full conferences, we have selected Josephine. They will inherit all 3 of cstro's points to be fair to Josephine stepping in mid-season.

Josephine was the winner of Season 1, and had a respectable campaign in Season 2 until they resigned mid-season due to personal issues.

### **Conference adjustments**

On Rose's request, we have decided to switch Rose and cstro (now Josephine), meaning Rose is now in the Community Chest Conference, and Josephine will step into the Chance Conference. Rose will keep her points, but her other stats are invalidated due to the influence of the other three players in her conference.

We wanted to thank everyone for their continued and gracious support this season of Leagueopoly. We hope these changes do not negatively affect your viewing experience and that Leagueopoly Season 3 can continue to attain its goal of being the biggest and bestest season yet.

Yours sincerely,

**Michael Webb**

Commissioner, Leagueopoly

**tz\_scion**

Director of Operations, Leagueopoly
